619 Union Road
Subdivision
Tax lot 50.05-1-18

Dear Ms. Weinraub:

We have received an application and plans as prepared by Josip Medic, P.E., revised through February 10, 2025, for the above referenced project. Comments are as follows:

1. The utilities for Lot #2 are to be provided on the plans.
2. Proposed CI and connection inverts to the sanitary main for Lot 1 and Lot 2 are to be provided to demonstrate that a minimum of 2% slope for the house connection for each lot can be achieved. The invert of the next upstream manhole will also need to be shown.
3. The extent of the drainage system "by others" that the storm system for Lot 2 will connect into is to be provided.
4. Application is to be made to the RCDOH for review of the storm water management system for compliance with the County Mosquito Code.

If you have any questions regarding this matter, do not hesitate to call.

Very truly yours,
